Vol. 21, No. 3

This issue is dedicated to the four pawed, furry faced friends who enrich our lives while on their journey through life~

- 🐾 To Scruppy, who proved that it is going to take more than bouncing off a moving 4WD truck and stay in an ICU, to slow down a terrier.
- 🐾 To Poppy, who demonstrates daily that she can keep on going, guarding her turf, even while the front and hind ends are not in total agreement with the brain.
- 🐾 To Sylvester who gifted us with his quirky, disheveled, humorous, and loving personality until God needed another kitty ambassador.

And to all their human families who just keep writing checks, dispensing medications, laughing at their antics, and enjoying the time we are blessed to walk the earth with them.

“ My Prayer 4 Promise”

By; Autumn Moore

Lord, as I go to sleep tonight, I need you to answer my prayer. Please don't let Promise die! Yeah, I know I don't go to see her everyday, but I know that you can hear and see everybody and you know that she was the first horse we got.

I know that you need her for something better and she will be in a better place, but I need you to watch after her tonight and please don't let her die. It will not only break my heart, but it will really break my grandpa's because he really loves her and it's not fair for you to take her away from us.

Yeah, you need her, but we need her even more, believe it or not, so please don't take her. If you do, you don't have any idea on how many people you will hurt. I will do anything if you let her live. So if you do need to take her, please wait until I get to see her again. So please answer this prayer and let Promise live.

Submitted by our Youth Leader, Mike Moore, written by his granddaughter. It has a happy ending - Promise is fine.

Cross Fields Farm

Where trail meets arena!

"Few equine sports create as intense an interaction between you and your horse as does Endurance Riding. As an Endurance rider my horse and I are joined in such a way that my thoughts and movements are reflected in my horse's responses--which are not always the ones I want!

"Through lessons with Sue, I've learned effective ways to help my horse and me get to the next level. These include, but are not limited to, items such as: advanced ground training; suppling exercises; relaxing the horse's back and improving the horse's flexibility to allow for longer strides; handling the spook; quieting my horse at the start of an endurance ride; and most importantly, how to become a correctly balanced 'package' for my horse to carry. My own abilities and experience would not have allowed my horse to attain her best without assistance from Sue. Thanks for helping us both!"
